

HOW TO PACK A STORAGE SPACE

Here are some quick tips to help you when packing your new storage space.

■ What you'll need

A box
Sheets of paper
Bubble wrap
Pieces of cardboard
Tape

■ STEP 1

Label boxes.

Label the contents of each box and mark boxes that contain items that can easily be damaged or broken.

■ STEP 2

Disassemble furniture items.

Look for ways to reduce the size of bedframes, couches, tables and chairs.

■ STEP 3

Keep an aisle open in the center.

■ STEP 4

Use heavy items to create a stable base.

■ STEP 5

Keep refrigerator and freezer open slightly.

■ STEP 6

Wrap mirrors and fragile items in padding.

■ STEP 7

Fill in the gaps creatively.

If you have a refrigerator, store small items inside of it. Just don't forget to leave the fridge door wedged open for circulation.

■ STEP 8

Make a map of where everything is/ create an inventory list.
